## EUROPEAN APPLICATIONS

OCAP keeps major manufacturing engineering and prototyping services and suspension latest models latest European

The continuous market expansion demands companies strong investments, dynamism and a constantly widened product range.

Our response?  
The new OCAP Group.

We already achieved a major goal: the DIN EN ISO 9001 certification.

Now, our Q.A. objectives include:

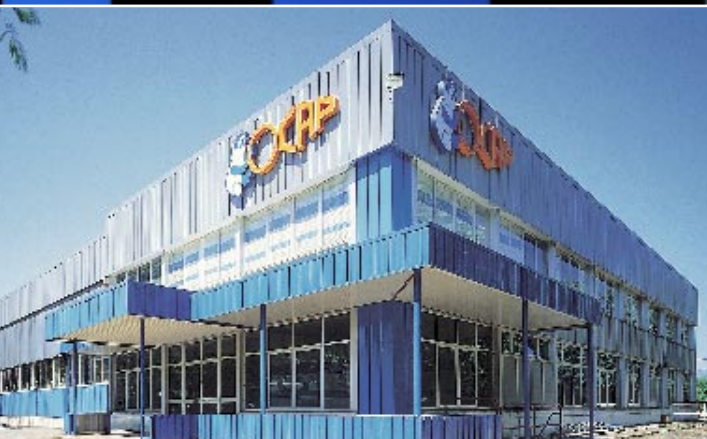

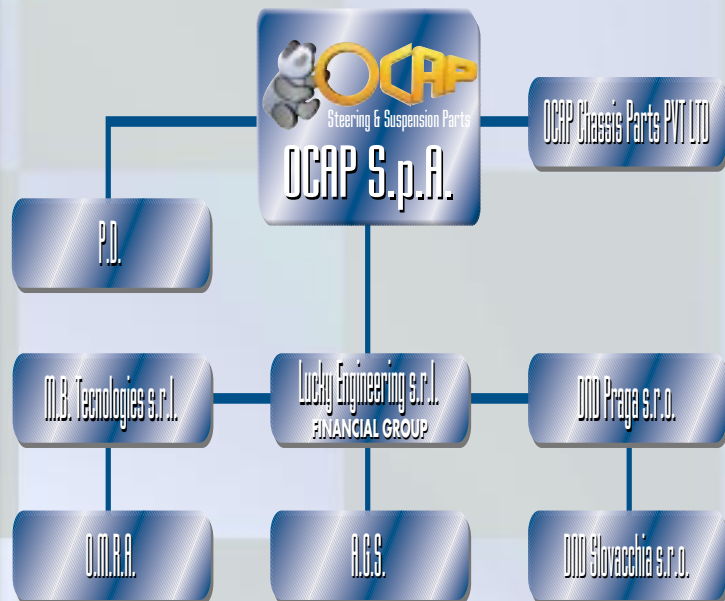

- QS 9000 certification
- ISO 14000 certification
